

MINISTRY OF
ECONOMIC DEVELOPMENT
AND TRADE OF UKRAINE

Sustainable Development Goals: Ukraine

TARGETS AND INDICATORS

The 'Sustainable Development Goals: Ukraine' national report provides the baseline and benchmarks for Ukraine to achieve the Sustainable Development Goals (SDGs) approved by the United Nations (UN) Sustainable Development Summit 2015. This report was prepared by the Ministry of Economic Development and Trade of Ukraine under the coordination of Natalia Gorshkova and approved by the High-Level Interministerial Working Group for the organization of the process of implementing the SDGs in Ukraine under the chairmanship of the First Vice Prime Minister of Ukraine – the Minister of Economic Development and Trade of Ukraine, Stepan Kubiv – and the UN Resident Coordinator, Humanitarian Coordinator and UNDP Resident Representative in Ukraine, Neal Walker. The group included 17 Deputy Ministers from different government ministries and departments. Scientific support was provided by Ella Libanova, Academician-Secretary of the Economics Department of the National Academy of Sciences of Ukraine.

The publication presents the results of the adaptation of 17 global SDGs based on the specific country context (with 86 national development targets and 172 indicators (for monitoring them)). The forecasts up to 2030 were established on the basis of scenario approaches to determine the direction of the country's long-term development. The Ministry of Economic Development and Trade of Ukraine initiated and, during 2016, coordinated a participatory and inclusive process of adapting and localizing the SDGs. More than 800 leading experts in the thematic areas covered by the SDGs submitted proposals concerning the SDGs for Ukraine and were involved in an open process of establishing national tasks to ensure the objectivity of the assessments. Local consultations took place in 10 oblasts and included representatives of central executive authorities, regional state administrations, local government, communities, international organizations, the expert community, public organizations and civil society institutions. The adaptation of SDGs in Ukraine was carried out with the support of all UN agencies in Ukraine.

GOAL 1. END POVERTY

Target	Indicator	2015	2020	2025	2030
1.1. Reduce the poverty level by 75 percent, in particular through the elimination of its extreme forms	1.1.1. Share of the population whose average per capita equivalent total expenditure is lower than the actual (estimated) subsistence minimum, %	58.3	30.0	20.0	15.0
	1.1.2. Share of individuals whose daily consumption is below USD5.05 PPP, %	2.2	0.5	0.0	0.0
1.2. Increase the coverage of poor people with targeted social assistance programmes	1.2.1. Share of the poor population covered by state social support in the total number of poor people, %	56.3	65.0	75.0	85.0
1.3. Increase the resilience of socially vulnerable groups of the population	1.3.1. Ratio of poverty levels of households with children and households without children, times	1.77	1.60	1.40	1.27
	1.3.2. Share of food expenditure in total household spending, %	54.6	50.0	40.0	30.0

GOAL 2. END HUNGER, PROMOTE SUSTAINABLE AGRICULTURE

Target	Indicator	2015	2020	2025	2030
2.1. Ensure accessibility to balanced nutrition to the level of scientifically based standards for all population groups	2.1.1. Consumption of meat per capita, kg/year	51	61	71	80
	2.1.2. Consumption of milk per capita, kg/year	210	270	320	380
	2.1.3. Consumption of fruit per capita, kg/year	51	65	78	90
2.2. Double agricultural productivity, primarily through innovative technologies	2.2.1. Labour productivity in agriculture, USD1,000s per employee	8.7	10.0	12.5	15.0
	2.2.2. The index of agricultural production, %	95.2	102.0	102.0	102.0

Target	Indicator	2015	2020	2025	2030
2.3. Ensure the development of sustainable food production systems that help maintain ecosystems and gradually improve the quality of land and soil, primarily through innovative technologies	2.3.1. The index of food production, %	87.2	103.0	103.0	103.0
	2.3.2. Share of food industry and agricultural raw materials processing production in exports of Ukrainian Classifier of Goods for Foreign Economic Activity groups 1–24, %	38.3	51.0	57.0	65.0
	2.3.3. Share of agricultural land under organic production in the total area of agricultural land, %	1.0	1.1	1.3	1.7
2.4. Reduce the volatility of food prices	2.4.1. The consumer price index for food (annual average), %	144.4	105.0	105.0	105.0

GOAL 3. HEALTHY LIVES AND WELL-BEING

Target	Indicator	2015	2020	2025	2030
3.1. Reduce maternal mortality	3.1.1. Number of cases of maternal mortality, per 100,000 live births	12.0	11.8	11.4	11.2
3.2. Minimize preventable mortality among children under 5	3.2.1. Mortality of children under 5, cases per 1,000 live births	9.3	8.5	7.5	6–7
3.3. End the epidemics of HIV/AIDS and tuberculosis, including through innovative practices and treatments	3.3.1. Number of patients diagnosed with HIV for the first time, per 100,000 persons	37.2	30.9	24.8	20.6
	3.3.2. Number of patients diagnosed with active tuberculosis for the first time, per 100,000 persons	56.0	51.7	45.4	32.9
3.4. Reduce premature mortality from non-communicable diseases	3.4.1. Number of deaths from cerebrovascular disease at the age of 30–59, per 100,000 men of corresponding age	64.0	56.2	50.1	45.0
	3.4.2. Number of deaths from cerebrovascular disease at the age of 30–59, per 100,000 women of corresponding age	28.9	25.5	23.1	22.0

Target	Indicator	2015	2020	2025	2030
	3.4.3. Number of deaths from malignant breast tumours at the age of 30–59, per 100,000 women of appropriate age	26.3	23.0	20.0	18.3
	3.4.4. Number of deaths from malignant cervical tumours at the age of 30–59, per 100,000 women of appropriate age	12.2	10.1	9.8	9.5
3.5. Reduce by a quarter premature mortality, including through the introduction of innovative approaches to diagnosing diseases	3.5.1. Probability of dying at the age of 20–64, men, per mille	389	360	330	290
	3.5.2. Probability of dying at the age of 20–64, women, per mille	155	150	140	130
3.6. Reduce serious injuries and deaths from road traffic accidents, including through innovative practices of resuscitation, treatment and rehabilitation after road traffic accidents	3.6.1. Number of deaths from road traffic accidents, per 100,000 persons	12.6	11.0	11-10	10-9
	3.6.2. Number of serious injuries from transport accidents/road traffic accidents per 100,000 persons, % of 2015 level	100	70	60	50
3.7. Ensure universal, quality immunization with innovative vaccines	3.7.1. Immunization coverage under the national immunization programme (as prescribed) , %	50	95	95	95-98
3.8. Reduce the prevalence of smoking among the population through innovative media to inform about negative effects of smoking	3.8.1. Share of women who smoke at the age of 16–29, %	5.0	4.5	4.0	4.0
	3.8.2. Share of men who smoke at the age of 16–29, %	31.4	27.0	23.0	20.0
3.9. Reform health care financing	3.9.1. Share of expenditures of the population in general spending on health, %	45.3	40.0	35.0	30.0

GOAL 4. QUALITY EDUCATION

Target	Indicator	2015	2020	2025	2030
4.1. Ensure access to quality school education for all children and adolescents	4.1.1. Share of the population satisfied with the access to and quality of schooling services, %	Data are expected			
4.2. Ensure access to quality pre-primary development for all children	4.2.1. Net pre-primary enrolment rate for children aged 5, %	70.6	80.0	90.0	95.0
4.3. Ensure access to vocational education	4.3.1. Share of households whose members suffer from a lack of money to enable any member of the household to receive vocational training, %	7.6	7.0	6.0	5.0
4.4. Improve the quality of tertiary education and ensure its close relationship with science, and promote the establishment of towns of education and science in the country	4.4.1. Ukraine's position in the Global Competitiveness Report rating by the quality of higher education ⁷	34	Data are expected		
	4.4.2. Number of university towns, units	7	10	12	14
4.5. Increase the prevalence of knowledge and skills required for decent jobs and entrepreneurship among the population	4.5.1. Enrolment rate of adults and youth in formal and informal forms of education and professional training in the last 4 weeks, % of population aged 15–70	9.2	10.0	12.0	14.0
	4.5.2. Share of the population who reported using the Internet over the past 12 months, %	48.9	59.0	70.0	80.0
4.6. Eliminate gender disparities among school teachers	4.6.1. Share of men among school teachers, %	14.7	17.0	20.0	25.0
4.7. Create a modern learning environment in schools, including inclusive education, through innovative approaches	4.7.1. Share of rural full-time secondary schools with Internet access, %	81.6	85.0	90.0	95.0
	4.7.2. Share of rural full-time secondary schools with computer software training, %	60.5	65.5	70.0	80.0
	4.7.3. Share of full-time secondary schools with inclusive education, %	Data are expected			

GOAL 5. GENDER EQUALITY

Target	Indicator	2015	2020	2025	2030
5.1. Create an environment for ending all forms of discrimination against women and girls	5.1.1. Number of normative acts which were revised or adopted to provide men and women with equal rights and opportunities and to prevent discrimination against women and girls	n/a	3	6	9
5.2. Reduce the level of gender-based and domestic violence, and ensure efficient prevention of its manifestations and timely assistance to victims	5.2.1. Share of women aged 15–49 who have experienced at least one form of physical or sexual violence, %	22	18	14	10
	5.2.2. Number of complaints regarding domestic violence, thousands	103.1	108.0	113.0	118.0
5.3. Encourage shared responsibility for housekeeping and child-rearing	5.3.1. Ratio of duration of unpaid domestic work (housekeeping, care for children and other family members etc.) between men and women, %	Data are expected			
5.4. Ensure equal opportunities for representation at all levels of decision-making in political and public life	5.4.1. Share of women among the Members of Parliament of Ukraine, %	12	30	30	30
	5.4.2. Share of women among the members of oblast councils and local councils of oblast significance, %	14	20	30	30
	5.4.3. Share of women in senior positions of public service (Category A positions), %	16.7	20.0	25.0	30.0
5.5. Increase the population's access to family planning services and reduce teenage fertility	5.5.1. Level of current use of modern contraception by married and unmarried sexually active women aged 15–49, %	47.8	55.0	60.0	65.0
	5.5.2. Fertility rate among women aged under 20, per 1,000 women aged 15–19	27.3	20.0	15.0	10.0
5.6. Expand economic opportunities for women	5.6.1. Ratio of average wages for men and women, %	74.9	80.0	83.0	85.0
	5.6.2. Average weighted entrepreneurship index for women (SME policy index), points	2.0	2.2	2.5	3.0
	5.6.3. Employment rate of women aged 25–44 with children aged 3–5, %	59	63	67	70

GOAL 6. CLEAN WATER AND SANITATION

Target	Indicator	2015	2020	2025	2030
6.1. Provide access to quality services of safe drinking water, and ensure the construction and reconstruction of centralized drinking water supply systems using the latest technologies and equipment	6.1.1. Share of the rural population with access to safe drinking water, %	50	70	95	100
	6.1.2. Share of the rural population with access to affordable drinking water of assured quality, %	50	70	95	100
	6.1.3. Share of the urban population with access to safe drinking water, %	90	95	100	100
	6.1.4. Share of the urban population with access to affordable drinking water of assured quality, %	90	100	100	100
	6.1.5. Share of the rural population with access to centralized water supply, %	17.2	20.0	30.0	50.0
	6.1.6. Share of the urban population with access to centralized water supply, %	89.8	90.0	95.0	100.0
6.2. Provide access to modern sanitation systems, and ensure the construction and reconstruction of water intake and sewage treatment facilities using the latest technologies and equipment	6.2.1. Share of the rural population with access to improved sanitation, %	1.9	20.0	50.0	80.0
	6.2.2. Share of the urban population with access to a centralized water drain, %	87.1	90.0	100.0	100.0
6.3. Reduce the discharge of untreated wastewater, primarily through innovative technologies of water purification at the national and individual levels	6.3.1. Volume of discharge of polluted (polluted without treatment or insufficiently treated) wastewater into water bodies, millions of cubic metres	875	725	557	279
	6.3.2. Share of discharge of polluted (polluted without treatment or insufficiently treated) wastewater into water bodies in total discharges, %	15.7	13.0	10.0	5.0
6.4. Increase the efficiency of water use	6.4.1. Water content of GDP, cubic metres of water used per UAH1,000 of GDP (actual prices)	3.6	3.2	2.9	2.5

Target	Indicator	2015	2020	2025	2030
	6.4.2. Current water content of GDP to 2015 level, %	100	90	80	70
6.5. Implement integrated water resources management	6.5.1. Number of river basins with approved river basin management plans	n/a	1	9	9

GOAL 7. AFFORDABLE AND CLEAN ENERGY

Target	Indicator	2015	2020	2025	2030
7.1. Expand the infrastructure and modernize networks for reliable and sustainable energy supply through the introduction of innovative technologies	7.1.1. Generation of power, billions of KWh	157.7	163.8	178.4	182.0
	7.1.2. Electric power distribution losses, %	11.5	11.0	10.0	9.0
	7.1.3. Heat losses in heat networks, %	20	18	14	12
7.2. Ensure diversification of the supply of primary energy resources	7.2.1. Maximum share of imported primary energy (excluding nuclear fuel) from one country (company) in the total supply (imports), %	40	< 15	< 12	< 12
	7.2.2. Share of one supplier of the nuclear fuel market, %	> 95	< 70	< 60	< 50
7.3. Increase the share of renewable energy in the national energy balance, in particular through the introduction of additional capacities at facilities that produce energy from renewable sources	7.3.1. Share of energy produced from renewable sources in total final energy consumption, %	4.9	11.0	14.2	17.1
7.4. Increase the energy efficiency of the economy	7.4.1. Energy intensity of GDP (primary energy consumption per unit of GDP), kg of oil equivalent per USD1 by PPP 2011	0.28	0.20	0.17	0.14

GOAL 8. DECENT WORK AND ECONOMIC GROWTH

Target	Indicator	2015	2020	2025	2030
8.1. Ensure a steady GDP growth by modernizing production, developing innovation, increasing export potential and exporting products with high value added	8.1.1. GDP volume index (annual average), %	90.2	104.0	106.0	107.0
	8.1.2. Share of gross fixed capital to GDP, %	13.5	23.0	28.0	22.0
	8.1.3. Share of exports of goods whose production uses technologies of high and medium high level in total exports of goods, % (groups 'Products of chemical and related industries', 'Polymers, plastics and articles thereof', 'Machinery, equipment and mechanisms, electrical equipment', 'Ground transportation, aircraft, floating craft', 90 th subgroup of the group 'Optical and photographic devices and appliances' (UCGFEA))	19.2	25.0	28.0	30.0
	8.1.4. Ukraine's position as rated by the Global Innovation Index	64	50	45	40
8.2. Increase the efficiency of production based on sustainable development and the development of competitive high-tech industries	8.2.1. The return on assets	0.23	0.26	0.35	0.45
	8.2.2. Productivity growth rate, %	99.1	104.0	103.6	105.8
	8.2.3. Material content of GDP (ratio of intermediate costs from the tables 'input-output' of activities that produce material products to total GDP)	0.88	0.87	0.82	0.77
8.3. Increase employment	8.3.1. Employment rate among those aged 20–64, %	64.4	66.0	68.0	70.0
8.4. Reduce the share of youth not in employment, education or professional training	8.4.1. Share of youth not in employment, education or professional training in the total number of those aged 15–24, %	17.7	17.0	16.5	15.5
8.5. Promote a safe and secure working environment for all workers, including through the application of innovative technologies in terms of health and safety	8.5.1. Number of victims of accidents at work that led to disability of 1 day or more, % of 2015 level	100 (5851 persons)	75	60	55

Target	Indicator	2015	2020	2025	2030
	8.5.2. Number of workers killed in accidents at work, % of 2015 level	100 (831 persons)	70	50	45
	8.5.3. Share of workers employed in jobs with hazardous working conditions in the total full-time payroll, %	26	22	17	12
8.6. Create institutional and financial capacities for the self-realization of the potential of the economically active population and the development of the creative economy	8.6.1. Number of persons employed by SMEs, millions of persons	6.5	8.3	9.5	10.5
	8.6.2. Share of value added against production costs of SMEs, % of total value added against production costs	59	70	75	80
	8.6.3. Share of SMEs with a loan or line of credit, in the total, %	Data are expected			
	8.6.4. Ukraine's position in the rating of Doing Business	81	30	25	20

GOAL 9. INDUSTRY, INNOVATION AND INFRASTRUCTURE

Target	Indicator	2015	2020	2025	2030
9.1. Develop quality, reliable, sustainable and accessible infrastructure based on the use of innovation technologies, including ecologically clean means of transport	9.1.1. Share of the rural population living further than 3 km from paved roads, %	5.2	3.0	1.5	0.5
	9.1.2. Volume of transported goods, millions of tonnes	1,474	1,650	1,750	1,900
	9.1.3. Number of passengers, millions	5,160	5,200	5,500	6,000
	9.1.4. Degree of depreciation of assets by ACE 'Transport, storage, post and courier services', %	51.7	49.0	45.0	45.0
9.2. Ensure increased use of electric transport and related network infrastructure	9.2.1. Share of electric transport in domestic traffic, %	60.2	65.0	70.0	75.0

Target	Indicator	2015	2020	2025	2030
9.3. Ensure access to road infrastructure based on the use of innovative technologies, in particular by expanding state participation in various infrastructure projects	9.3.1. Share of public transport adapted for the needs of people with disabilities, %	15	25	35	50
	9.3.2. Share of public roads of national importance with a hard surface that meets regulatory requirements, %	10	20	30	70
	9.3.3. Share of facilities of public and civil use, improvement, transport infrastructure and road service equipped to the needs of people with disabilities, %	15	50	55	60
9.4. Promote accelerated development of high- and medium-technological sectors and manufacturing industries which are formed based on the use of 'education–science–production' chains and a cluster approach by areas: development of an innovation ecosystem; development of ICT; use of ICT in agriculture, energy, transport and industry; high-technology mechanical engineering; creation of new materials; development of pharmaceutical and bioengineering industry	9.4.1. Share of value added against production costs of enterprises that belong to the high-tech sector of processing industry (in particular, manufacture of pharmaceutical products and preparations; computers, electronic and optical products; aircraft and spacecraft; related equipment according to CTEA) in the total value added against production cost, %	1.9	Data are expected		
	9.4.2. Share of value added against production costs of enterprises that belong to the medium high-tech sector of processing industry (including production of chemical products; electrical equipment; machinery and equipment; motor vehicles, trailers and semi-trailers; other vehicles according to CTEA) in total value added against production cost, %	5.8	7.5	9.6	11.8
	9.4.3. Share of workers employed by enterprises that belong to the high- and medium high-tech sectors of processing industry (including production of pharmaceutical products and preparations; chemicals; mechanical engineering; computers, electronic and optical products; aircraft and spacecraft; related equipment according to CTEA) in the total number of workers employed in industry, %	21	26	28	29

Target	Indicator	2015	2020	2025	2030
9.5. Create financial and institutional systems (innovative infrastructure) that will ensure the development of scientific research and scientific and technical (experimental) development	9.5.1. Share of expenditure on scientific and technical work in GDP, %	0.62	1.50	2.00	3.00
	9.5.2. Share of sales of innovative products in total sales of industrial products, %	1.4	5.0	10.0	15.0
9.6. Ensure access to the Internet, especially in rural areas	9.6.1. Population coverage with Internet services, subscribers per 100 persons	33	50	75	100
9.7. Ensure increased youth participation in research	9.7.1. Share of persons under 40 among scientific workers and university professors with advanced degrees, %	Data are expected			

GOAL 10. REDUCE INEQUALITY

Target	Indicator	2015	2020	2025	2030
10.1. Ensure accelerated growth of income of the least well-off 40 percent of the population	10.1.1. Income ratio of most affluent 10 percent and least well-off 40 percent, times	16.9	15.0	12.0	10.0
	10.1.2. Income ratio of least well-off 40 percent and more affluent 60 percent, %	15	18	20	25
10.2. Prevent manifestations of discrimination in society	10.2.1. Share of people who reported that in the last 12 months they had personally faced discrimination or harassment based on discrimination in total population, %	9	7	5	3
10.3. Ensure access to social services	10.3.1. Share of rural households who suffered from deprivation due to lack of access to ambulance services in the settlement, %	39.9	30.0	20.0	15.0

Target	Indicator	2015	2020	2025	2030
	10.3.2. Share of rural households who suffered from deprivation due to the lack of a medical facility near their home, %	26.3	20.0	15.0	10.0
	10.3.3. Share of rural households who suffered from deprivation due to the lack of regular daily transport to another settlement with developed infrastructure, %	22.7	18.0	13.0	10.0
10.4. Pursue remuneration policy based on equality and fairness	10.4.1. Ratio of the average wage (income) of 10 th and first decile groups of workers (decile coefficient), times	31.2	23.0	18.0	15.0
10.5. Reform pension insurance based on fairness and transparency	10.5.1. Ratio of average pension to average wage in the economy (given 35 years of contribution), %	31	35	37	40

GOAL 11. SUSTAINABLE DEVELOPMENT OF CITIES AND COMMUNITIES

Target	Indicator	2015	2020	2025	2030
11.1. Ensure access to housing	11.1.1. Solvency ratio of the borrower (ratio of monthly payments of the borrower and his/her family on mortgage debt servicing to total monthly income)	45	40	35	30
	11.1.2. Share of rejected mortgage requests in the total amount of loan requests with bad solvency ratio (> 43 percent), %	43	37	35	25
11.2. Ensure development of settlements and territories exclusively based on integrated planning and participatory management	11.2.1. Share of regions that have approved and implemented regional development strategies and action plans for their implementation developed with public participation, %	80	100	100	100
11.3. Ensure protection and safeguarding of the cultural and natural heritage, with involvement of the private sector	11.3.1. Number of cultural and natural heritage sites included in the UNESCO World Heritage List, units	7	9	11	13

Target	Indicator	2015	2020	2025	2030
	11.3.2. Number of monuments of national importance included in the State Monument List of Ukraine, units	855	1,005	1,155	1,305
	11.3.3. Area of the nature reserve fund of national importance, % of the country area	3.72	5.14	7.38	8.85
11.4. Ensure timely public alert about emergencies through innovative technologies	11.4.1. Level of reconstruction of the national centralized public alert system, %	n/a	20	40	60
11.5. Reduce the adverse impact of pollutants, including on the urban environment in particular, through innovative technologies	11.5.1. Ratio of air pollution emissions to 2015 level, %	Data are expected			
	11.5.2. Total volume of air emissions of pollutants from stationary sources, conventionally reduced to carbon monoxide in view of the relative aggressiveness of main pollutants, % of 2015 level	100 (48.28 conv. million tonnes)	95	90	85
	11.5.3. Total volume of air emissions of pollutants from mobile sources, conventionally reduced to carbon monoxide in view of the relative aggressiveness of main pollutants, % of 2015 level	100 (14.09 conv. million tonnes)	95	85	70
	11.5.4. Number of cities in Ukraine where the average daily concentration of main air pollutants exceeds the average daily maximum permissible concentration, units	23	22	20	15
11.6. Ensure the development and implementation of local development strategies aimed at economic growth, job creation, tourism, recreation and development of the local culture, and production of local products	11.6.1. Number of jobs in the tourism industry (average payroll of collective means of accommodation and subjects of touristic activity in Ukraine), thousands	88	100	120	150

GOAL 12. SUSTAINABLE CONSUMPTION AND PRODUCTION

Target	Indicator	2015	2020	2025	2030
12.1. Reduce resource consumption of the economy	12.1.1. Resource consumption in GDP (share of natural resources per unit of GDP), % of 2015 level	100	90	80	60
12.2. Reduce the loss of food along the production and marketing chains	12.2.1. Share of post-harvest losses in the total production of cereals, %	2.2	1.8	1.0	0.5
	12.2.2. Share of post-harvest losses in overall production of vegetables and melons, %	12.3	10.0	7.0	5.0
12.3. Ensure sustainable use of chemicals through innovative technologies and production	12.3.1. Number of enterprises that use hazardous chemicals which introduced a chemical substances management system in accordance with international standards, units	Data are expected			
	12.3.2. Share of enterprises which introduced a chemical substances management system in accordance with international standards, in total number of enterprises that use hazardous chemicals, %	n/a	50	100	100
12.4. Reduce the amount of waste generation, and increase recycling and reuse through innovative technologies and production	12.4.1. Volume of waste generated by all economic activities per unit of GDP, kg per USD1,000 PPP in 2011	977.4	950.0	880.0	800.0
	12.4.2. Share of burned and recycled waste in the total waste generated, %	30	35	45	55

GOAL 13. MITIGATE CLIMATE CHANGE IMPACT

Target	Indicator	2015	2020	2025	2030
13.1. Limit greenhouse gas emissions in the economy	13.1.1. Ratio of GHG emissions to 1990 level, %	Data are expected			

GOAL 14. CONSERVE MARINE RESOURCES

Target	Indicator	2015	2020	2025	2030
14.1. Reduce marine pollution	14.1.1. Share of discharges of polluted wastewater in total discharges in the marine environment, %	15	11	9	5
14.2. Ensure the sustainable management and protection of marine and coastal ecosystems, and improve their resilience and recovery through innovative technologies	14.2.1. Share of administrative units (districts) which introduced integrated management of coastal areas, %	0	80	95	100
	14.2.2. Area of territories and objects of the natural reserve fund of coastal regions, % of the territory of coastal areas	5.8	7.0	8.0	10.0
	14.2.3. Area of territories and objects of the natural reserve fund in the Black and Azov Seas, thousands of hectares	612.8	650.0	700.0	752.5
14.3. Implement effective regulation of extraction of marine resources	14.3.1. Volumes of legal extraction of marine bio-resources in the exclusive maritime zone of Ukraine, thousands of tonnes	34.2	36.0	38.0	40.0

GOAL 15. PROTECT AND RESTORE TERRESTRIAL ECOSYSTEMS

Target	Indicator	2015	2020	2025	2030
15.1. Ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems	15.1.1. Area of territories and objects of the natural reserve fund, thousands of hectares	3,803.1	6,276.9	7,545.4	9,053.2
	15.1.2. Share of area of territories and objects of the natural reserve fund in the total area of the country, %	6.3	10.4	12.5	15.0

Target	Indicator	2015	2020	2025	2030
	15.1.3. Share of the area of the national environmental network in the total area of the country, %	38.2	39.0	40.0	41.0
15.2. Promote sustainable forest management	15.2.1. Forested territory of the country, %	15.9	17.0	18.5	20.0
	15.2.2. Wood stock in forests, millions of cubic metres	2,102	2,200	2,300	2,400
15.3. Restore degraded lands and soils through innovative technologies	15.3.1. Number of targets identified and implemented to achieve neutral land degradation level, units	Data are expected			
	15.3.2. Amount of arable land, thousands of hectares	32,541.0	31,150.9	29,760.8	28,370.7
	15.3.3. Share of arable land in total area of the country, %	53.9	51.6	49.3	47.0
	15.3.4. Area of organic production, thousands of hectares	410.6	500.0	1,500.0	3,000.0
	15.3.5. Area of agricultural land of extensive use (hayfields, pastures), thousands of hectares	7,840.5	8,389.3	8,932.5	9,536.0
	15.3.6. Share of area of agricultural land of extensive use (hayfields, pastures) in total area of the country, %	13.0	13.9	14.8	15.8
15.4. Ensure the conservation of mountain ecosystems	15.4.1. Area of the nature reserve fund in mountainous regions, thousands of hectares	627.7	905.3	1,207.1	1,533.0
	15.4.2. Share of the area of the nature reserve fund in mountainous regions in the total area of the country, %	1.04	1.50	2.00	2.54

GOAL 16. PEACE, JUSTICE AND STRONG INSTITUTIONS

Target	Indicator	2015	2020	2025	2030
16.1. Reduce the prevalence of violence	16.1.1. Number of criminal offences under Articles 115 – 118, 121 of the Criminal Code of Ukraine (apparent deliberate murder, deliberate serious bodily harm), per 100,000 persons	9.5	7.5	6.0	4.5
	16.1.2. Number of victims of physical violence in the last 12 months (murder and assassination attempt, rape and attempted rape, serious injuries), per 100,000 persons	14.0	10.0	7.0	5.2
	16.1.3. Number of victims of sexual abuse in the last 12 months, persons	459	450	420	375
16.2. Increase detection of victims of human trafficking and all forms of exploitation	16.2.1. Number of victims of trafficking or other illicit agreements for human trading in criminal proceedings, persons	Data are expected			
	16.2.2. Number of street children, thousands of persons	Data are expected			
	16.2.3. Number of victims of sexual exploitation, thousands of persons	Data are expected			
16.3. Increase confidence in courts and ensure equal access to justice	16.3.1. Level of public confidence in the court, %	5	35	45	55
	16.3.2. Level of public awareness of the right to free legal assistance, %	n/a	70	80	90
16.4. Strengthen the system for preventing and counteracting the legalization of illegal incomes, the financing of terrorism and the proliferation of weapons of mass destruction	16.4.1. Share of high-level risks in the overall national aggregate of risks in the system for preventing and counteracting the legalization of illegal incomes, the financing of terrorism and the proliferation of weapons of mass destruction, %	n/a	21	17	13

Target	Indicator	2015	2020	2025	2030
16.5. Reduce illicit trafficking of weapons, ammunition and explosive materials	16.5.1. Number of weapons seized from individuals, organized groups and criminal organizations, units	1,890	2,000	2,250	2,500
	16.5.2. Amount of ammunition seized from individuals, organized groups and criminal organizations, units	2,803	3,000	3,250	3,500
	16.5.3. Number of criminal offences under Article 263 of the Criminal Code of Ukraine (illegal handling of weapons, ammunition or explosives), units	6,307	6,360	6,400	6,430
16.6. Reduce the scale of corruption	16.6.1. Index of perception of corruption in the public sector by the business community and experts	27	40	50	60
16.7. Increase the efficiency of government bodies and local self-government	16.7.1. Share of the population satisfied with their recent experience of the use of public services, %	n/a	40	50	80
16.8. Recovery of conflict affected areas in eastern Ukraine	16.8.1. Share of the population satisfied with their experience of the use of infrastructure and the level of social services in key areas in Donetsk and Luhansk oblasts, %	n/a	70	80	100
	16.8.2. Share of the population satisfied with the level of administrative governance services in Donetsk and Luhansk oblasts, %	n/a	70	80	100
	16.8.3. Demined area in Donetsk and Luhansk oblasts, hectares	Data are expected			
16.9. Strengthen social stability, and promote peacebuilding and community security	16.9.1. Index of social cohesion and reconciliation (SCORE)	Data are expected			

GOAL 17. PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT

Target	Indicator	2015	2020	2025	2030
17.1. Mobilize additional financial resources by promoting foreign and domestic investment	17.1.1. Ratio of private remittances from abroad to GDP (GRP), %	5.75	6.00	6.00	6.00
	17.1.2. Net foreign direct investment (according to the balance of payments), USD billions	3.0	10.0	16.0	17.5
17.2. Consistently reduce the debt burden on the economy	17.2.1. Ratio of gross external debt to exports of goods and services in annual terms	28.2	18.0	11.0	7.0
17.3. Develop a partnership between government and business to achieve the SDGs	17.3.1. Number of projects of public–private partnership, units	5	15	30	45
